## A smarter way to catch your flight from London

**We all know that our time at the airport is, by far, the worst thing about flying.**

The time it takes to get through security, the panic at the thought of checking in late and missing the flight and then the wait in crowded departure areas.

To avoid the stress and pressure of flying, get to the airport three hours earlier than necessary, check in and clear security in a leisurely fashion and then head to one of the airport lounges to relax or work in style.

This costs a little more but, with all the lounges offer to make their guests comfortable, it is money well spent.

### **No.1 Traveller**

Passengers flying out of London Heathrow, Gatwick or Stansted should opt for the premium lounges operated by **No.1 Traveller**.

These are perfect for those wanting the airport experience to be a pleasure rather than a pain.
